

Facestock

A matt, white woodfree machine finished paper with blue backcoating, providing very good absorption and toner bonding characteristics.

The facestock is made from FSC® certified paper (FSC Mix Credit, chain-of-custody number: CU-COC-807907, Licence Code: FSC-C004451)

|--------------|---------------------|---------|
| Basis Weight | 95 g/m ² | ISO 536 |
| Caliper | 90 µm | ISO 534 |

Adhesive

A general purpose permanent, acrylic based adhesive.

Liner

Hygroflat 55, a one side coated, bleached kraft paper.

The liner is made from FSC® certified paper (FSC Mix Credit, chain-of-custody number: CU-COC-807907, Licence Code: FSC-C004451).

Performance Data

| | | |
|------------------------|-----------------|--------------|
| Initial Tack | 17 N/25mm | FTM 9 Glass |
| Peel Adhesion 90° | 7 N/25mm | FTM 2 St.St. |
| Min. Application Temp. | 0 °C | |
| Service Temperature | -20 °C to 80 °C | |

Adhesive Performance

The adhesive is characterized by a high initial tack, excellent adhesion and good low temperature performance on a wide variety of substrates.

Applications and Use

This face material is designed for the manufacture of A4 sheets for use in laserprinters, copiers and monochrome inkjet printer. The surface structure provides very good toner bonding and print resolution. Applications are labels where high opacity is important such as office labels for error correction or to cover-up obsolete information.

The hygroflat backing paper is specially suited to the more critical refolding demands of high-speed computer printers, providing optimum layflatness and excellent interfolding characteristics.

Conversion and Printing

Facestock is suitable for simple line or process printing by flexo and offset. The material can be converted by the conventional roll-to-sheet conversion technologies.

The Backing paper can be printed with conventional printing methods.

Compliance and Approvals

The adhesive S2012HTC is suitable for contact with dry, moist, and fatty foodstuffs that have a reduction factor of 4 or higher in this construction. For complete information regarding the food contact compliance status, please contact your local sales representative for a Food Contact Statement.

If you would like to make a suggestion or comment on this datasheet, please send an email to datasheet.mgmt@eu.averydennison.com

The laminate is made with FSC® certified paper (FSC Mix Credit, chain-of-custody number: CU-COC-807907, Licence Code: FSC-C004451)

Shelf Life

To obtain optimal performance, use this product within two years of the date of manufacture, under storage conditions as defined by FINAT (20-25°C; 40-50%RH). Prolonged storage outside these conditions might reduce the shelf life.
