Applications and Use

This product is ideal for applications such as labels of quality products such as cosmetics, toiletries, luxury articles and promotional items, promotional banderoles around rigid packagings and wrap around labels on PET bottles.

Conversion and Printing

This film has a proprietary aqueous based top coating to give superior printability. It can be printed by flexographic, gravure, silkscreen and letterpress processes using a wide variety of different inks. However, exact ink systems should be recommended by your supplier.

Shelf Life

To obtain optimal performance, use this product within one year of the date of manufacture, under storage conditions as defined by FINAT (20-25°C; 40-50%RH). Prolonged storage outside these conditions might reduce the shelf life.
