

Facestock

A gloss, transparent, plain Polypropylene (PP) film with an acrylic TOP coating on both sides. Ideal for applications requiring high quality printing on the front side and adhesive laminating on the back side.

Basis Weight	46.3 g/m ²	ASTM D4321
Caliper	50 µm	Internal Method

Applications and Use

This product is ideal for applications such as multi-layered PS labels on health and beauty products, folded booklet labels and discount coupons.

Conversion and Printing

The product can be converted by all conventional roll conversion technologies including: Letterpress, Offset, Screenprinting, UV flexo and Water-based flexo. An adhesive-receptive coating applied on the reverse side offers excellent anchorage with most adhesive formulations.

Shelf Life

To obtain optimal performance, use this product within one year of the date of manufacture, under storage conditions as defined by FINAT (20-25°C; 40-50%RH). Prolonged storage outside these conditions might reduce the shelf life.
