Applications and Use

This card is suitable for garment price tags, door hangers and other tags requiring superior stiffness. Other typical applications include, folded boxes, brochures, covers for brochures and annual reports or corporate graphics such as folders, business cards and invitations.

Conversion and Printing

This product is suitable for printing by letterpress, flexo (UV and waterbased) offset and screen processes. Variable imprinting with thermal transfer are also suitable for this product. Finishing techniques include embossing, film and foil laminating, varnishing, die cutting, folding, scoring and cutting.

Shelf Life

To obtain optimal performance, use this product within one year of the date of manufacture, under storage conditions as defined by FINAT (20-25°C; 40-50%RH). Prolonged storage outside these conditions might reduce the shelf life.
